To Whom it May Concern,

I am writing this letter in support of the Clubhouse Kids before/after care program and camp. Aimee Dunn, owner/operator of this organization, has done an outstanding job of providing quality care at 8445 Spires Way, the Frederick Classical Charter School.

The staff is attentive to the children and communicates well with parents. The schedule is organized, allowing time for the children to complete homework, as well as time for various play activities, inside and outdoors. My daughter and son have both participated in this program, and they have loved it. During the summer camp, there are numerous field trips, outings, and opportunities for group and quiet play, with an atmosphere of respect and high regard for rules and discipline.

Aimee and her staff are professional, caring, and conscious of the needs of the children and families that she serves. I highly recommend Clubhouse Kids and their staff to provide care at your facility.

Sincerely,  
Sue Middleton  
President, Board of Trustees  
Frederick Classical Charter School
