

Clubhouse Kids' Instructions for our Maryland State Health Forms Packet

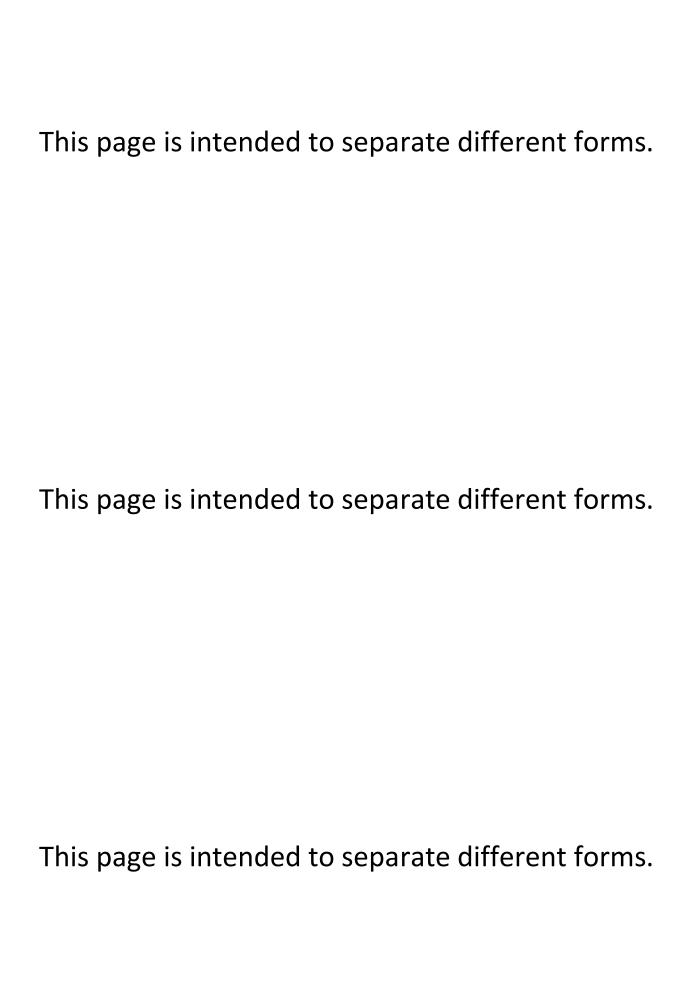

Below is a list and description of several Maryland State Dept of Education - Office of Child Care (MSDE-OCC) and Dept of Health & Mental Hygiene (DHMH) forms that may be required when enrolling in a Maryland licensed child care. All forms listed are not required for all families. The highlighted forms below are the ones most frequently needed. Most forms have an identifying form number in small print at the bottom left of the form, and all are available for download on our website at www.ClubhouseKidsOnline.com/forms. Please review the list below to determine which forms may be necessary for each child. Required forms must be turned in prior to each child's first day in care each year.

- MSDE-OCC Emergency Form 1214 This form is unique to the child care industry and must be provided prior to attending Clubhouse Kids for the first time, and must be updated as changes occur, or at least annually.
- 2. MSDE-OCC Health Inventory Form 1215 (parts 1 and 2) "Part 1" of this form must be provided prior to attending Clubhouse Kids the first time, and again if any major health changes occur. "Part 2" requires a physician's signature. You may have provided it to the school at registration. If so, you may request your child's school nurse to provide a copy to us.
- 3. DHMH Immunization Form 896 This form, or a substitute printed immunization record from a physician, must be provided prior to first attending Clubhouse Kids, and again after any immunizations have been updated (usually ages 5 & 11).
- 4. MSDE-OCC A Parent's Guide to Regulated Child Care (Form 1524) This form is required to be signed & dated and returned to Clubhouse Kids only once (ever) per family, unless the form is updated by MSDE.
- DHMH Blood Lead Testing Certificate Form 4620 This form is only required for children under the age of 6-years old while in Clubhouse Kids' care.
- 6. MSDE-OCC Medication Administration Authorization Form 1216 This form is only required for children who need to take medication while in Clubhouse Kids' care (may not be necessary if using Form 1216A, 1216B, or 1216C). This applies to both prescription and over-the-counter medications. This form must be updated annually.
- 7. MSDE-OCC Asthma Action Plan and Medication Administration Authorization Form 1216A This form is required for children who need asthma medication while at Clubhouse Kids and describes a plan of action to follow if an asthma attack occurs. It authorizes the child to self-carry/self-administer medication, as well as authorizes Clubhouse Kids staff to administer medication. This form is used for asthma medication only, and is used without Form 1216 (may be used in place of Form 1216). This form must be updated annually. Available on our website at www.ClubhouseKidsOnline.com/forms.
- 8. MSDE-OCC Allergy and Anaphylaxis Medication Administration Authorization Form 1216B This form is required for children who have allergies that may require medication while in Clubhouse Kids care. This form is used for allergy and anaphylaxis medication only, and is used without Form 1216 (may be used in place of Form 1216). This form must be updated annually. Available on our website at www.ClubhouseKidsOnline.com/forms.
- MSDE-OCC Seizure/Convulsion/Epilepsy Disorder Medication Administration Authorization Form 1216C This form is required for children who need seizure/convulsion/Epilepsy Disorder medication while at Clubhouse Kids and describes a plan of action to follow if such an attack occurs. It authorizes Clubhouse Kids staff to administer medication. This form is used for seizure/convulsion/Epilepsy Disorder medication only, and is used without Form 1216 (may be used in place of Form 1216). This form must be updated annually. Available on our website at www.ClubhouseKidsOnline.com/forms.
- 10. MSDE-OCC Topical Basic Care Product Application Authorization Form 1216E This form is required for children whose parent requests the child care provider to apply diaper rash cream, sunscreen, or insect repellent to their child when in Clubhouse Kids' care. This form is used for these three items ONLY, and is used without Form 1216 (may be used in place of Form 1216). This form must be updated annually. Available on our website at www.ClubhouseKidsOnline.com/forms.

Please ignore any forms that are not required for your child/children. Forms may be scanned & emailed to us at info@ClubhouseKidsOnline.com, faxed to us at (301) 685-5120, or turned in to the Director of your center location prior to the child's first day of care. Children whose forms have not been turned in will <u>NOT</u> be able to participate in care. Email us at info@ClubhouseKidsOnline.com or call us at (301) 685-5100 if you have any questions. Thank you.

HEALTH INVENTORY

Information and Instructions for Parents/Guardians

REQUIRED INFORMATION

The following information is required prior to a child attending a Maryland State Department of Education licensed, registered, or approved child care or nursery school:

- A physical examination by a health care provider per COMAR 13A.15.03.04, 13A.16.03.04, 13A.17.03.04, and 13A.18.03.04. A Physical Examination form designated by the Maryland State Department of Education and the Maryland Department of Health shall be used to meet this requirement (See COMAR 13A.15.03.02, 13A.16.03.02, 13A.17.03.02 and 13A.18.03.02).
- Evidence of immunizations. The immunization certification form (MDH 896) or a printed or a computer-generated immunization record form and the required immunizations must be completed before a child may attend. This form can be found at: https://earlychildhood.marylandpublicschools.org/child-care-providers/licensing/licensing-forms Select MDH 896.
- Evidence of Blood-Lead Testing for children younger than 6 years old. The blood-lead testing certificate (MDH 4620) or another written document signed by a Health Care Practitioner shall be used to meet this requirement. This form can be found at: https://earlychildhood.marylandpublicschools.org/child-care-providers/licensing/licensing-forms Select MDH 4620.
- Medication Administration Authorization Forms. If the child is receiving any medications or specialized health care services, the parent and health care provider should complete the appropriate Medication Authorization and/or Special Health Care Needs form. These forms can be found at: Select Forms OCC 1216 through OCC 1216D as appropriate. https://earlychildhood.marylandpublicschools.org/child-care-providers/licensing/licensing-forms

EXEMPTIONS

Exemptions from a physical examination, immunizations, and Blood-Lead testing are permitted if the parent has an objection based on their bona fide religious beliefs and practices. The Blood-Lead certificate must be signed by a Health Care Practitioner stating a questionnaire was done.

Children may also be exempted from immunization requirements if a physician, nurse practitioner, or health department official certifies that there is a medical reason for the child not to receive a vaccine.

The health information on this form will be available only to those health and child care providers or child care personnel who have a legitimate care responsibility for the child.

INSTRUCTIONS

Part I of this Physical Examination form must be completed by the child's parent or guardian. Part II must be completed by a physician or nurse practitioner, or a copy of the child's physical examination must be attached to this form.

If the child does not have health care insurance or access to a health care provider, or if the child requires an individualized health care plan or immunizations, contact the local Health Department. Information on how to contact the local Health Department can be found here: https://health.maryland.gov/Pages/Home.aspx#

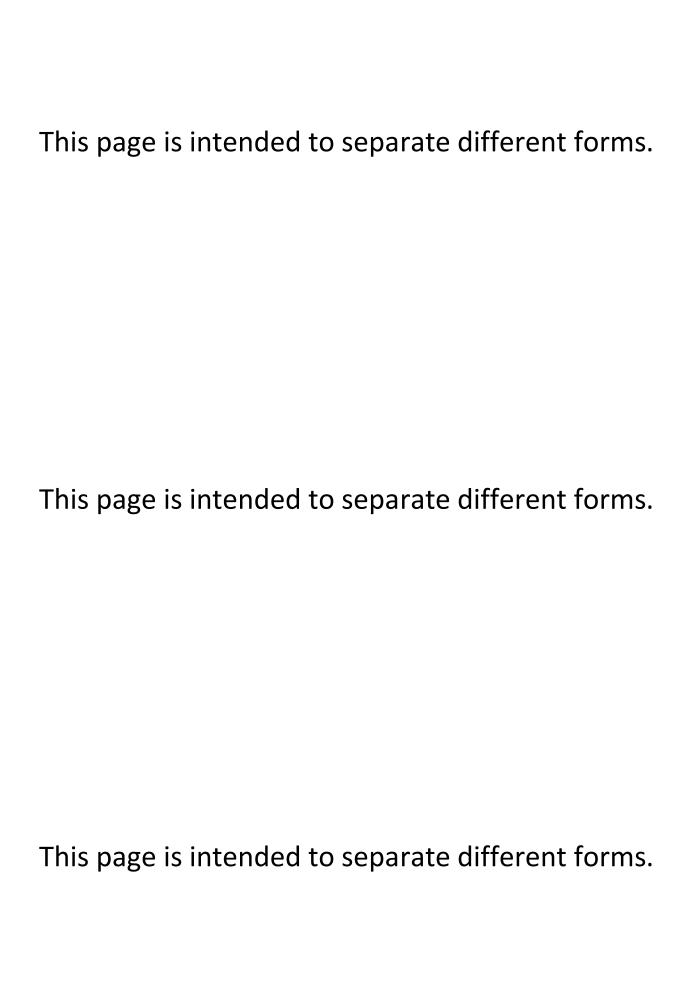

The Child Care Scholarship (CCS) Program provides financial assistance with child care costs to eligible working families in Maryland. Information on how to apply for the Child Care Scholarship Program can be found here: https://earlychildhood.marylandpublicschools.org/child-care-providers/child-care-scholarship-program

9. RECORD OF IMMUNIZATIONS – MDH 896 or other official immunization document (e.g. military immunization record of immunizations) is required to be completed by a health care provider <u>or</u> a computer generated immunization record must be provided. (This form may be obtained from: https://earlychildhood.marylandpublicschools.org/child-care-providers/licensing/licensing-forms Select MDH 896.)										
10. RECORD OF LEAD TES	TING - MDH 4620	or other	official docume	nt is require	ed to be completed by a	a health	care prov	vider. (This	form may be	
obtained from: https://earlychildhood.marylandpublicschools.org/child-care-providers/licensing/licensing-forms . Select MDH 4620) Under Maryland law, all children younger than 6 years old who are enrolled in child care must receive a blood lead test at 12 months and 24 months of age. Two tests are required if the 1st test was done prior to 24 months of age. If a child is enrolled in child care during the period between the 1st and 2nd tests, his/her parents are required to provide evidence from their health care provider that the child received a second test after the 24 month well child visit. If the 1st test is done after 24 months of age, one test is required.

MDH Form 896 (Formally DHMH 896) Rev. 5/21

How To Use This Form

The medical provider that gave the vaccinations may record the dates (using month/day/year) directly on this form (check marks are not acceptable) and certify them by signing the signature section. Combination vaccines should be listed individually, by each component of the vaccine. A different medical provider, local health department official, school official, or child care provider may transcribe onto this form and certify vaccination dates from any other record which has the authentication of a medical provider, health department, school, or child care service.

Only a medical provider, local health department official, school official, or child care provider may sign 'Record of Immunization' section of this form. This form may not be altered, changed, or modified in any way.

Notes:

- 1. When immunization records have been lost or destroyed, vaccination dates may be reconstructed for all vaccines except **varicella**, **measles**, **mumps**, **or rubella**.
- 2. Reconstructed dates for all vaccines must be reviewed and approved by a medical provider or local health department no later than 20 calendar days following the date the student was temporarily admitted or retained.
- 3. Blood test results are NOT acceptable evidence of immunity against diphtheria, tetanus, or pertussis (DTP/DTaP/Tdap/DT/Td).
- 4. Blood test verification of immunity is acceptable in lieu of polio, measles, mumps, rubella, hepatitis B, or varicella vaccination dates, but **revaccination may be more expedient**.
- 5. History of disease is NOT acceptable in lieu of any of the required immunizations, except varicella.

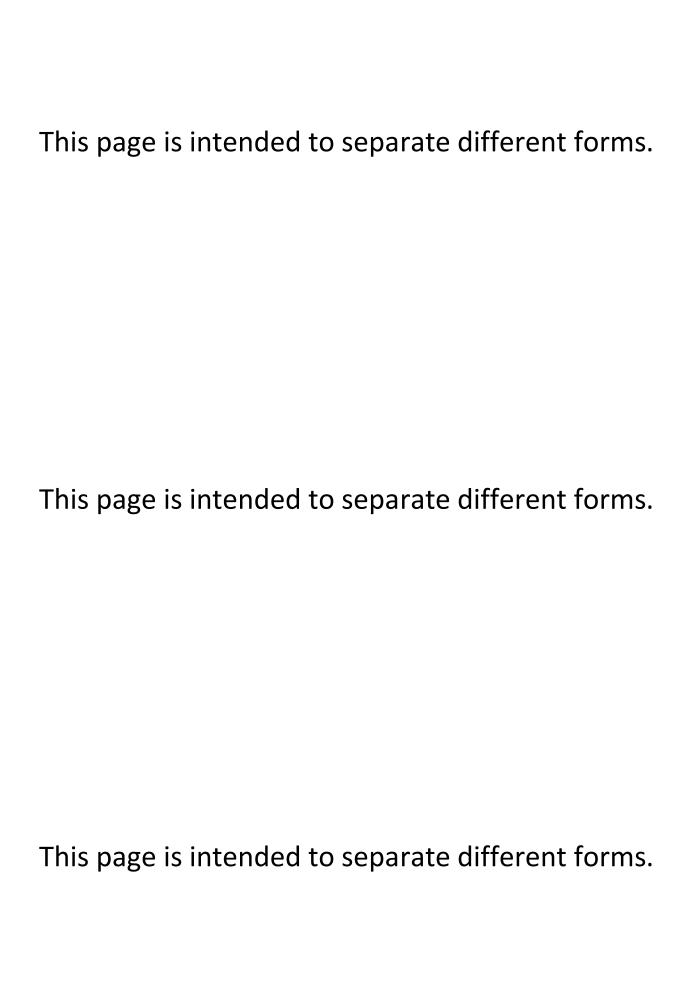

Immunization Requirements

The following excerpt from the MDH Code of Maryland Regulations (COMAR) 10.06.04.03 applies to schools:

- "A preschool or school principal or other person in charge of a preschool or school, public or private, may not knowingly admit a student to or retain a student in a:
- (1) Preschool program unless the student's parent or guardian has furnished evidence of age appropriate immunity against Haemophilus influenzae, type b, and pneumococcal disease;
- (2) Preschool program or kindergarten through the second grade of school unless the student's parent or guardian has furnished evidence of age-appropriate immunity against pertussis; and
- (3) Preschool program or kindergarten through the 12th grade unless the student's parent or guardian has furnished evidence of age-appropriate immunity against: (a) Tetanus; (b) Diphtheria; (c) Poliomyelitis; (d) Measles (rubeola); (e) Mumps; (f) Rubella; (g) Hepatitis B; (h) Varicella; (i) Meningitis; and (j) Tetanus-diphtheria-acellular pertussis acquired through a Tetanus-diphtheria-acellular pertussis (Tdap) vaccine."

Please refer to the "<u>Minimum Vaccine Requirements for Children Enrolled in Pre-school Programs and in Schools</u>" to determine age-appropriate immunity for preschool through grade 12 enrollees. The minimum vaccine requirements and MDH COMAR 10.06.04.03 are available at <u>www.health.maryland.gov</u>. (Choose Immunization in the A-Z Index)

Age-appropriate immunization requirements for licensed childcare centers and family day care homes are based on the Department of Human Resources COMAR 13A.15.03.02 and COMAR 13A.16.03.04 G & H and the "Age-Appropriate Immunizations Requirements for Children Enrolled in Child Care Programs" guideline chart are available at www.health.maryland.gov. (Choose Immunization in the A-Z Index)

Parent's Guide to Regulated/ Licensed Child Care

Information About Child Care Facilities

Who Regulates Child Care?

All child care in Maryland is regulated by the Maryland State Department of Education, Office of Child Care's (OCC), Licensing Branch.

The Licensing Branch's thirteen Regional Offices are responsible for all regulatory activities, including:

- Issuing child care licenses and registrations to child care facilities that meet state standards;
- Inspecting child care facilities annually;
- Providing technical assistance to child care providers;
- Investigating complaints against regulated child care facilities;
- Investigating reports of unlicensed (illegal) child care:
- Taking enforcement action when necessary; and
- Partnering with community organizations and consumers to keep all children in care safe and healthy.

Regulations governing the Maryland State Department of Education (MSDE) fall under COMAR Title 13A. Regulations that govern child care facilities and other information about the Office of Child Care may be found at:

<u>earlychildhood.marylandpublicschools.org/child-</u>care-providers/licensing

What are the types of Child Care Facilities?

Family Child Care – care in a provider's home for up to eight (8) children with no more than two under the age of two.

Large Family Child Care – care in a provider's home for 9-12 children.

Child Care Center – non-parental care in a group setting for part of a 24 hour day.

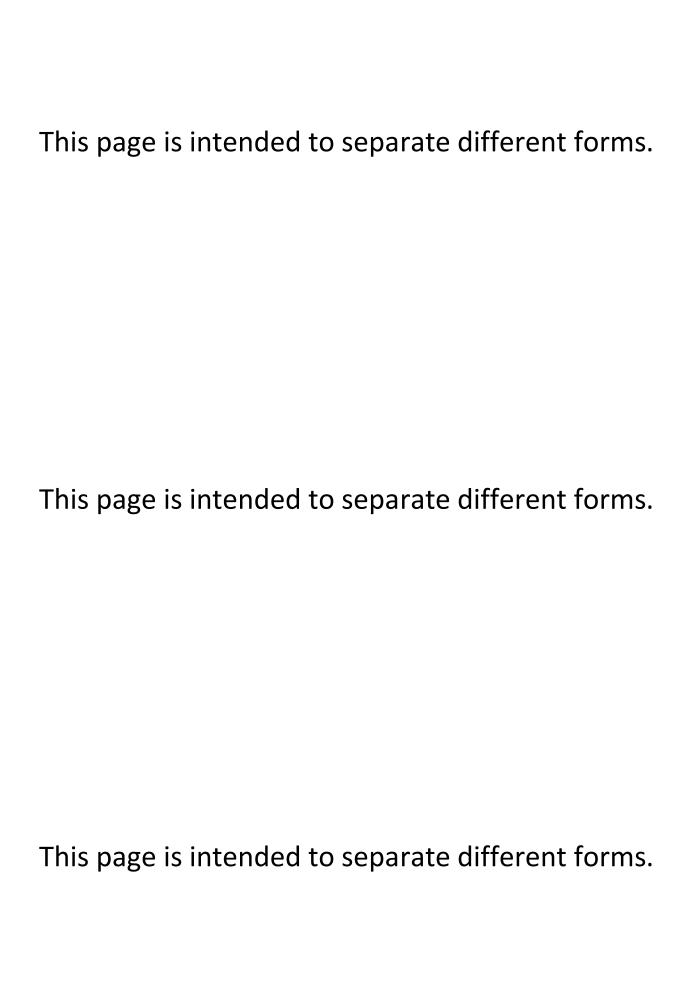

Letter of Compliance (LOC) – care in a child care center operated by a religious organization for children who attend their school.

All facilities must meet the following requirements:

- Must obtain the approval of OCC, fire department, and local agencies;
- Must have qualified staff who have received criminal background checks, child abuse and neglect clearances, and are not on the sex offender registry;
- Must maintain certification in First Aid and CPR:
- Must maintain approved staff and student ratio and provide ACTIVE supervision all times when children are in care:
- Must offer a daily program of indoor and outdoor activities:
- Must maintain a file with all required documentation for each enrolled child:
- Must post approved evacuation plans, conductfire drills, and emergency preparedness drills; and
- Must report suspected abuse and neglect, and may not subject children to abuse, neglect, mental injury, or injurious treatment.

Did You Know?

- The provider's license or registration must be posted in a conspicuous place in the facility;
- A child care provider must enter into a written agreement, with a parent, that specifies fees, discipline policy, presence of animals, the use of volunteers, and sleeping arrangements for overnight care;
- Parents/guardians may visit the facility without prior notification any time their children are present;
- Written permission from parents/guardians is require d for children to participate in any and all off property activities;
- All child care facilities must make reasonable accommodations for children with special needs:
- A qualified teacher must be assigned to each group of children in a child care center;
- Staff:child ratios must be maintained at all times in child care centers;
- Parents/guardian must be immediately notified if children are injured or have an accident in care;
- Parents/guardians may review the public portion of a licensing file; and
- Check Child Care Maryland, <u>CheckCCMD.org</u>, is a resource for parents and families to use to review child care provider's license status, verified complaints, compliance history, and inspection results.

MARYLAND DEPARTMENT OF HEALTH BLOOD LEAD TESTING CERTIFICATE

For a copy of this form in another language, please contact the MDH Environmental Health Helpline at (866) 703-3266.

How To Use This Form

→ A health care provider may provide the parent/guardian with a copy of the child's blood lead testing results from ImmuNet as an alternative to completing this form (COMAR 10.11.04.05(B)).

Maryland requires all children to be tested at the 12 and 24 month well-child visits (at 12-14 and 24-26 months old respectively), and both test results should be included on this form (see COMAR 10.11.04). If the test at the 12-month visit was missed, then the results of the test after 24 months of age is sufficient. A child who was not tested at 12 or 24 months should be tested as early as possible.

A parent/guardian and a child's health care provider should complete this form when enrolling a child in child care, pre-kindergarten, kindergarten, or first grade. Completed forms should be submitted by the parent/guardian to the Administrator of a licensed child care, public pre-kindergarten, kindergarten, or first grade program prior to entry. The child's health care provider may record the test dates and results directly on this form and certify them by signing or stamping the signature sections. A school health professional or designee may transcribe onto this form and certify test dates from any other record that has the authentication of a medical provider, health department, or school. All forms are kept on file with the child's school health record.

Frequently Asked Questions

1. Who should be tested for lead?

All children in Maryland should be tested for lead poisoning at 12 and 24 months of age.

2. What is the blood lead reference value, and how is it interpreted?

Maryland follows the <u>CDC blood lead reference value</u>, which is 3.5 micrograms per deciliter (μg/dL). However, there is no safe level of lead in children.

3. If a capillary test (finger prick or heel prick) shows elevated blood lead levels, is a confirmatory test required?

Yes, if a capillary test shows a blood lead level of \geq 3.5 µg/dL, a confirmatory venous sample (blood from a vein) is needed. The higher the blood lead level is on the initial capillary test, the more urgent it is to get a confirmatory venous sample. See Table 1 (CDC) for the recommended schedule.

4. What kind of follow-up or case management is required if a child has a blood lead level above the CDC blood lead reference value?

Providers should refer to the CDC's Recommended Actions Based on Blood Lead Level (https://www.cdc.gov/nceh/lead/advisory/acclpp/actions-blls.htm).

5. What programs or resources are available to families with a child with lead exposure?

Maryland and local jurisdictions have programs for families with a child exposed to lead:

- Maryland Home Visiting Services for Children with Lead Poisoning
- Maryland Healthy Homes for Healthy Kids no-cost program to remove lead from homes

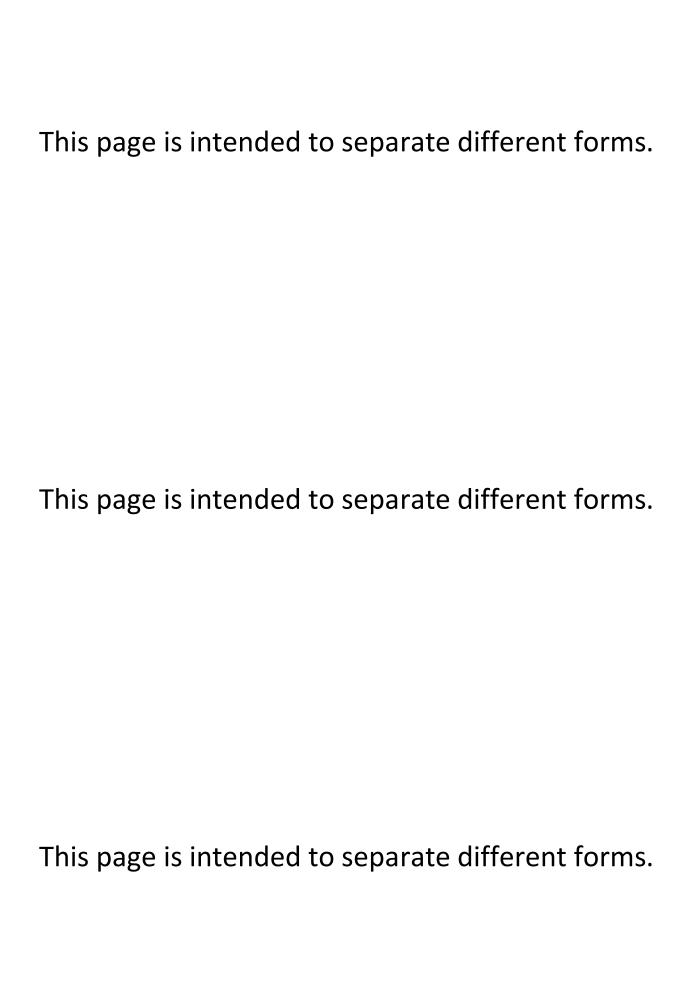

For more information about these and other programs, call the Environmental Health Helpline at (866) 703-3266 or visit: https://health.maryland.gov/phpa/OEHFP/EH/Pages/Lead.aspx.

Maryland Department of the Environment Center for Childhood Lead Poisoning Prevention: https://mde.maryland.gov/programs/LAND/LeadPoisoningPrevention/Pages/index.aspx

Families can also contact the Mid-Atlantic Center for Children's Health & the Environment Pediatric Environmental Health Specialty Unit – Villanova University, Washington, DC.
